Dear Dr. Jackson,

I wrote to the Editors of 'Behavioral Science', requesting permission to quote approximately 500 words from 'Toward a theory of schizophrenia', Behavioral Science, 1:251-264, 1956, by G. Bateson, yourself, J. Haley and J. Weakland. I wish to quote this material in a book entitled Self and the Others, which I am in process of completing, and which is to be published by Tavistock Publications, London.

The Editors have agreed to this, subject to payment of \$5.00 per page, and subject also to your permission. I am arranging for the appropriate fee to be paid, and should be most grateful to have your permission to use this material.

Yours sincerely,

Ronald Laing
